

# Gorell Decorative and Specialty Glass

FOR UNPARALLELED BEAUTY AND A UNIQUE LOOK TO YOUR WINDOWS AND DOORS

You can change the draperies and put plants in front of them—but what can you do to really have distinctive and beautiful windows that give your house its own unique character?

Express your creativity and individuality with stunningly beautiful Gorell decorative or specialty glass in your windows and doors!

In addition to selecting from various window styles, vinyl colors and grid options, you can choose from a wide range of decorative glass patterns and specialty shapes to customize your windows. The possible combinations involving these selections give you almost limitless possibilities to create a beautiful and truly unique look for your home.

## V-GROOVED GLASS

Beveled glass splits sunlight into its full spectrum of colors while V-grooved designs exude style and beauty. Gorell offers a myriad of designs for greater possibilities to beautify and personalize the windows and doors in your home.

## CUSTOM SANDBLASTED GLASS

Consider the possibilities for truly personalizing your home by having Gorell custom sandblast a family crest or favorite design onto the glass of your windows or doors.

### STAINED AND LEADED GLASS

Let sunlight spill uniquely fascinating patterns of colors and textures onto your walls and ceilings with stained glass designs from Gorell. You get beautiful, different results every day, depending on the angle of the sun, time of day, season and weather. Leaded glass patterns let you create an aura of antiquity or modern elegance.

### OBSCURE GLASS

Gorell obscure glass patterns provide both privacy and beauty while still allowing light into

your home. Although a popular option for bathroom windows, obscure glass can be used almost anywhere in the home.
