

BIENVILLE
Orthopaedic Specialists
JOINT REPLACEMENT CENTER

Medical Director:

John K. Drake, M.D. is the Founder of the Joint Replacement Center of Bienville Orthopaedic Specialists and specializes in hip and knee replacement surgery and founded Bienville Orthopaedic Specialists in 1981. He is board certified by the American Board of Orthopaedic Surgeons. He is one of Mississippi's most experienced surgeons in the area of total joint replacement and is a former president of the Mississippi Orthopaedic Society. He completed an AO Fellowship at the University of Basel, Basel, Switzerland in 1980 and a trauma fellowship at the University of Texas Southwestern Medical School in 1981.

We incorporate the most advanced joint replacement techniques and arthritis treatment available. The Joint Replacement Center of Bienville Orthopaedic Specialists also treats patients who need partial joint replacements, reconstruction and complex revisions.

The physicians at the Joint Replacement Center of Bienville Orthopaedic Specialists also are active in medical teaching and research. Our total joint specialists are nationally recognized for their work in joint replacement research and the development of surgical options.
