

The Workers' Compensation Center of Bienville Orthopaedic Specialists offers a complete Workers' Compensation program focused on reducing medical costs and time lost from work, while providing the most comprehensive care to the injured worker. The Workers' Compensation Center of Bienville Orthopaedic Specialists communicates closely with employers, case managers, adjusters and insurance companies to provide complete care for the employee.

Whether the employee needs immediate treatment, a second opinion or an independent medical examination, The Workers' Compensation Center of Bienville Orthopaedic Specialists has the most comprehensive group of general and subspecialty orthopaedic services available, along with the highest quality tools and treatment options available to treat your orthopaedic needs.

To help get the employee back on the job Bienville Orthopaedic Specialists has five locations on the Mississippi Gulf Coast designed for comfort and efficiency, which include:

- Same Day / Next Appointments
- Digital X-ray: Our filmless digital diagnostic x-ray system presents a clearer, more detailed image to the physician, providing better information to diagnose and treat the patient.
- Physical Therapy: In-house physical therapy allows constant communication and coordination between the physicians, therapists, patients and case managers.
- Hand Therapy: In-house hand therapy allows constant communication and coordination between the physicians and therapists.

The Workers' Compensation Center of Bienville Orthopaedic Specialists' main goal is to take care of the concerns of the employee, employer, risk manager and case manager, and to be sure you are well taken care of by the physicians and staff.

Workers' Compensation Coordinator:

Toni Scott is the head of our Workers' Compensation Center. Toni serves as an extension/liaison to assist Referring Physicians, Employers, Adjusters and Nurse Case Managers with getting patients cleared to see a Bienville Orthopaedic Doctor on the same day a request is made...
