A Visiting Redi-Nurse  
Wendy McElroy, RN Administrator  
155 SW Port St Lucie Blvd.  
Port St Lucie, Florida 34984

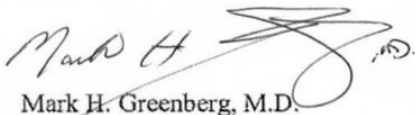

Dear Mrs. McElroy,

I am writing to thank you for the services your agency provided to my family. Over the years as a local practicing rheumatologist I have often referred my patients to home health care. I knew that my patients were receiving needed medical services and care in their homes, but it was not until I had a family need that I understood the full extent of services and options available in the home environment.

Recently my wife and I had to choose an agency to take care of my mother-in-law. We selected A Visiting Redi-Nurse. We both were pleased with the caring medical professionals, as well as the kind services provided to her. We were able to obtain not only the skilled medical services she needed but also additional private duty services. These aides gave my wife comfort in knowing that her mother would be safe during her recovery period. The additional support also gave my mother-in-law the confidence and determination necessary for her to improve and regain independence.

Thank you again for everything you all have done. I appreciate your service and look forward to working with your agency professionally in the future.

Sincerely,

  
Mark H. Greenberg, M.D.
