Dear Southwestern Roofing:

I'm taking time to give my testimony on extensive work performed on my home in November 2003. My home was in need of full siding work. My wife and I also wanted our back patio torn out and reconstructed due to flooding problems.

I was having quotes by major siding companies within the Houston area. At the end of my bidding process, I came across Southwestern Roofing from a friend and agreed to a free quote. Esteban Trevizo of Southwestern Roofing visited and provided a detailed description of work needed based on my needs. He educated me on the products and provided me with several options to choose from. Esteban also provided solid customer testimonies which helped in my decision to go with Southwestern Roofing. I agreed to have the entire house resided, a 18X22 back patio built as well as tearing out and re-cementing an 18X40 area (patio and driveway).

Southwestern Roofing was prompt, flexible, courteous and professional. The siding was tailored to meet my specific needs and looks beautiful. The 18x22 foot patio is fantastic and has really enhanced the value of the house. The cement work was constructed much better than the work I've seen in recent new homes; re-bar cross-hatched every 18 inches, holes drilled so that the cement bonded with the home - old drive way and patio did not have any re-bar. I was worried about the cement work but was very pleased with the work and the men behind it. I also made a unique request to have the white of the brick sprayed off the top surface to give my home more color. The pressure washer gave the brick of my home a great new look; I have had numerous complements from friends and neighbors.

Southwestern Roofing was very professional and went out of their way to ensure my needs were met. Esteban Trevizo was key to ensuring all teams (siding, pressure washing, patio & cementing) met my needs and that the worked performed was of the highest standards. He succeeded and it's very much appreciated.

Please feel free to use me as a reference for future customer testimonies and referrals.

Many thanks.

Sincerely,

James Weimar
