

Dear Mr. Wade,

I wanted to take the time to make you aware of the outstanding service I recently received from your employees, Guy West and Charles.

Guy and Charles were both very responsive and caring. I had so many questions that were always answered with patience and then they would have to answer questions from my son and then my husband. They worked very well with my son. My son was trying to get the power line buried. They worked with him right up until Cobb EMC said it could not be done due to the storm sewer. They also kept me informed about the time of arrival especially if they were going to be delayed.

I felt the work Charles did was exceptional and again he always took the time to answer my questions. Two of my neighbors were also impressed as they were over here many times while the work was going on.

Please pass on to Guy and Charles my thanks for a job well done.

Sincerely,
